

Simon DeLibero

Tacoma, WA || (253) 682-7319 || simon.delibero@plu.edu || [linkedin.com/in/simon-delibero-2b090b2b2](https://www.linkedin.com/in/simon-delibero-2b090b2b2)

EDUCATION

Bachelor of Science in Applied Physics, Pacific Lutheran University — Expected 05/2027

Minor in Mathematics | Academic Scholarship Recipient | MCM Mathematical Modeling Competition, 2023–2025

Dean's List, Chemistry Club, Math Club, NSSURP Summer Research Program (2026)

Relevant Coursework: Quantum Physics, E&M I & II, Materials Science, Electrical Circuits, Organic & Analytical Chemistry

Fife High School — NHS (3 years), Key Club (3 years — Jr. Class Representative, Secretary) — Academic, Athletic, and Merit-based Scholarships

RESEARCH EXPERIENCE

NSSURP Summer Research, Pacific Lutheran University — Bioinformatics & Machine Learning (Cerana project) — 03/2026–Present

- Predicted and evaluated structural quality of protein, RNA, and protein–RNA hybrid structures using neural-network architectures including MCMLGNN, GNNs, PINNs, KANs, ViTs, and LLMs.
- Applied prior wet-lab experience (NMR, GC-MS, UV-Vis spectroscopy, TEM data interpretation, ChemDraw, IgorPro) to develop and refine structural-quality features for the research team.

WORK EXPERIENCE (AVAILABLE IMMEDIATELY FOR FULL-TIME EMPLOYMENT)

Reynolds Lumber, VA — Sawmill Technician, Carpenter — 03/2025–08/2025

- Cut, planed, and dried multiple wood types to specification with consistent precision and accuracy across production runs.
- Fabricated custom furniture using electric and pneumatic tools, applying chemistry and physics background to improve production efficiency and output quality.

Club Z — Multi-Subject Tutor — 10/2024–05/2025

- Grew program participation from negligible enrollment to a dozen-plus consistently returning students by designing a hands-on curriculum—demonstrations, puzzles, and activities spanning simple mechanisms to magnetism—that built lasting scientific curiosity and intuition.
- Founded the "Science Stacks" lending library and maintained a responsive, interactive curriculum that grew parent and student participation into a routine fixture of the program.

H&H Diesel — Diesel Mechanic — 06/2024–08/2024 || **JL Multicare & Bucky's Automotive** — Mechanic — 01/2023–06/2024

- Tested engine components to manufacturer specification; rebuilt and reset Piezoelectric, Common-Rail, and Power-Stroke fuel injectors on engines ranging from 2 to 8 cylinders.
- Diagnosed and repaired electrical, cooling, intake, exhaust, filtration, braking, steering, drive-train, and OBD systems.

BGSF Repair, Maintenance, and Construction — Maintenance Engineer — 06/2023–03/2024

- Performed multi-stage diagnostics, root-cause analysis, and repair with minimal oversight across electrical, fire/CO alarm, and appliance systems.
- Managed dry-wall installation and repair, painting, framing, and fence construction, alongside direct customer-facing service.

Larson and Associates — Engineering and Drafting Technician — 06/2022–01/2023

- Produced road plan/profile drawings, topographic surfaces, and residential/commercial plat maps using AutoCAD Civil 3D (2019, 2023).
- Maintained quality control and schedule/budget tracking while setting up projects, formatting field data, and preparing client-facing maps and exhibits.

Pacific Lutheran University Tech Help Desk — Help Desk Technician — 02/2021–08/2021

- Troubleshoot hardware and software issues, deployed preventative-maintenance updates and new equipment, and coordinated a workspace overhaul while resolving support tickets on schedule.

SKILLS

Lab & Instrumentation: NMR, GC-MS, UV-Vis Spectroscopy, TEM data interpretation, ChemDraw, IgorPro, LoggerPro, Multimeters, Oscilloscopes, OBD scanners

Programming & Software: Python, Java, R, VBA, LaTeX, AutoLISP, AutoCAD Civil 3D, LTSpice

Fabrication & Mechanical: Welding (MIG, TIG, soldering), Lathes, Drill Presses, Hand/Power/Hydraulic/Pneumatic tools, Carpentry (industrial, finish, cabinetry), Diesel/Gas/DC/AC systems, Fuel injector testing and diagnostics

Languages: English, Spanish, Latin
